

Welcome to Allegany Arc's Community Services Recreational Interest Survey. This simple online form will help us with our goal of being person-centered with planned recreation activities. Our mission is to provide the highest quality opportunities to the people we serve.

Your participation in the survey is voluntary and all information is optional. Your input will help us focus on the areas of interest to the most people.

**Please mark an "x" next to the activities that best describe your community leisure interests. Additional items may be added to the list according to your interests.**
